Neither Ibercaja Banco nor any of its directors, managers or employees are obliged, neither implicitly nor expressly, to guarantee that these contents are exact, accurate or complete, to update them or to correct them if they detect any error or omission.

The purpose of this presentation is not to provide financial advice or offer any kind of financial product or service. Ibercaja Banco is not and will not be responsible if any part of this presentation is considered to form the basis of an investment decision. Ibercaja Banco notes that this presentation may contain forward looking statements. It should be considered that such forward-looking statements do not guarantee any future results and are only subjective opinions of Ibercaja Banco in relation to the evolution of its business and as such there may be different criteria, risks, uncertainties and many other relevant factors that may cause it to evolve very differently. In any event, data relating to past performance or profits cannot be relied upon for future performance or profits.

This document has not been submitted to the Spanish Securities Market Commission (Comisión Nacional del Mercado de Valores) for its approval or registration. In any case, it is subject to Spanish law applicable as at the date hereof and is not addressed to any natural or legal person in any other jurisdiction. For this reason, it may not comply with legal requirements of other jurisdictions.

Without prejudice to applicable legal requirements or any other limitations imposed by Ibercaja Banco, it is expressly prohibited any use of this presentation and the distinctive signs or symbols contained therein, including any sort of copy, distribution, transfer to third parties, public communication or transformation, through any mean or medium whatsoever, without prior and express authorization of the respective owners. Breach of this prohibition may constitute an infringement of current laws and may be sanctioned.

In addition to the financial information prepared under International Financial Reporting Standards (“IFRS”), this presentation contains certain alternative performance measures (“APMs”) as defined in the Guidelines on Alternative Performance Measures issued by the European Securities and Markets Authority on 5 October 2015 (ESMA/2015/1415). The APMs are performance measures that have been calculated using the financial information from the Ibercaja Banco Group but that are not defined or detailed in the applicable financial information framework and therefore have neither been audited nor are capable of being completely audited. These APMs are being used to allow for a better understanding of the financial performance of the Ibercaja Banco Group but should be considered only as additional information and in no case as a replacement of the financial information prepared under IFRS. Moreover, the way the Ibercaja Banco Group defines and calculates these APMs may differ to the way these are calculated by other companies that use similar measures, and therefore they may not be comparable.

In case of disagreement, the Spanish version will prevail.

## New loan production

€m - accumulated amount

## Loan yield evolution

%

**Performing gross loans ex repos remains stable YTD. Ibercaja maintains its market share in loans to families and companies. New loan production volumes stand in line with 2022 YoY.**

- **Loans to households remain flat<sup>1</sup>.** Nonetheless, **mortgages, decrease 2.0% YTD** impacted by lower new production and higher early repayments.
- **Loans to companies drop 1.8% YTD.** Short term funding demand remains strong while demand for long-term financing has slowed down.

**Loan yield increases more than 180 bps YoY boosted by the repricing of the loan portfolio.**

- **Floating rate mortgage portfolio has yet to reprice fully to current Euribor levels (2/3 of the portfolio is priced at Euribor 3-4% and 1/3 below 3%).**

<sup>1</sup> Pension advances contributes positively €405m to the portfolio in the first semester

# Risk insurance

## Risk insurance premiums (portfolio)

€m – premiums collected

## Risk insurance new production

€m – premiums collected

**Risk insurance premiums grow 4.9% YoY to €150m (6.5% in non-life and 1.0% in life risk).**

**New production premiums perform positively in 1H23 both in non-life and life risk insurance with a 7.0% YoY increase in aggregate terms.**

**Ibercaja has improved its product offering in non-life risk insurance products for companies which will help commercial dynamics in coming quarters**

# Digitalisation & satisfaction levels

## Ibercaja App users<sup>1</sup>

Thousands -

## % Digital customers<sup>2</sup>

%

## Global satisfaction with your Entity<sup>3</sup>

%

**Ibercaja App users increase by 11.3% YoY. As a result, the total number of digital customers grows to more than 934K and represents 61.8% of Ibercaja's total customers.**

**The % of digital sales remains around 40%.**

- The **weight of digital channels** has grown strongly in **mortgages**, where it reaches **29.8%**, and in **risk insurance**, **9.0%**. **Prequalified loans marketed by digital channels are close to 90%, second only to securities trading, which is close to 100%.**

**Ibercaja is the second best in terms of Global satisfaction among its peers.**

11 1 Includes only active customers in the last month of the quarter.

2 Customers who have logged into the Ibercaja website or App in the last three months of the period

3 BMKS report (June 2023), Rating from 0 to 10 of the overall satisfaction of the client with your entity; peers include Bankinter, BBVA, CaixaBank, Santander, Banco Sabadell, Abanca, Kutxabank, Unicaja

# Sustainability

## Environment

### Carbon footprint

- **Verified operational CO2 footprint and obtained the MITERD1 “Calculate, Reduce and Compensate<sup>2</sup>”**

### Sustainable financing and investment

- During the first half of 2023, Ibercaja has launched **new sustainable products** (Hipoteca +Sostenible and Renewable Energy Financing Loan), participated in syndicated loans **linking financing to sustainability objectives** and continued its activity in **renewable energy financing operations**.
- **Increase of +36% in sustainable investments (AuM)** in 2Q23 compared to 2Q22

## Social

### Social finance:

- The company "**Pensumo, Pension for consumption**" has been established with the aim of offering an additional savings tool while making regular consumption. The initiative is a success story due to its social, innovative and technological approach.

### Social commitment:

- **More than one million euros were donated** thanks to the Sustainable and Solidarity Investment Fund and Pension Plan. These donations were given to 15 projects of associations and non-profit organizations, in collaboration with shareholder foundations.

## Governance

- Approved **ESG Risk Governance Policy** defining specific roles and responsibilities
- Implemented ESG credit risk exclusions policy

1H23 reported under IFRS17 with 2022 restated under IFRS17. 1H22 is only provided for comparative purposes. Most of the results of Ibercaja Vida will now be accounted for in the line "Net income under insurance contracts". During the first half of 2023, liquidation process have been initiated on Cerro Murillo. This process has led to a recognition of €66m euros under deferred tax assets in the consolidated balance sheet and under expenses/income from taxes on gains from continuing activities in the consolidated income statement due to the activation of the future associated tax loss.

# Net interest income

## NII bridge

€m

## NII evolution

€m – IFRS-17

## Customer spread

€m

**Strong performance of net interest income which rises 48.7% YoY.**

- In **2Q standalone**, NII expands **4% QoQ**.

**In 2Q standalone, Ibercaja's customer spread improves 156 bps YoY to 2.8% and results in an improvement of the retail margin of €188m.**

- **The repricing of the loan portfolio maintains its positive momentum trend while deposits costs remain subdued.**

**The increase in wholesale funding costs, long-term (-€50m) and short-term (-€34m, due to the end of the TLTRO), mainly explain the negative impact in "rest of factors".**

# Net fee income

## Net fee income evolution

€m

## Non-Banking fees evolution

€m -

### Net fee income reaches €221m, a slight drop of 1.2% YoY.

- Banking commissions decline €2m or 2.3% YoY. Ibercaja is focusing its activity in companies (+3.2% YoY for enterprises and -2.2% YoY for families).
- Non-banking commissions decline €1m or 0.6% YoY. Nonetheless, the **strong AuM growth allows to expect a recovery of non-banking commissions starting from the second half of the year.**

# Recurring revenues

## Recurring revenues bridge

## Recurring revenues evolution

## Gross margin evolution

**Recurring revenues grow 27.7% YoY driven by the strong performance of net interest income which rises 48.7% YoY.**

**In the 2Q standalone, recurring revenues expands another 4.5% QoQ, reaching more than €300m.**

**Gross margin, which includes temporary banking tax amounting to €29m, grows 22.0% YoY and stands at €566m.**

# Operating costs and recurring profit before provisions

## Operating costs

€m

### Operating costs increase +5.5% YoY.

- An inflation compensation payment to the employee base was recorded in 1Q23 amounting to €6m. Excluding this, **operating costs increase by 3.3% YoY.**

### Positive jaws allow for:

- **Recurring cost to income ratio** improvement to **49.6% (vs. 60.1% in 1H22).**
- **Total profit before provisions** growth of **47.1% YoY** to €270m in 1H23 (recurring profit before provisions +61% , excludes temporary banking tax).

## Recurring cost to income ratio

%

## Total profit before provisions

€m

# Loan and foreclosed assets provisions

## Loan and foreclosed assets provisions

€m

## Cost of Risk (annualised)

%

**Provisions for loan and foreclosed assets grow 19.2% as Ibercaja continues to strengthen its coverage ratios.**

- **Cost of risk** stable at **30 bps**.

**Ibercaja maintains overlay provisions of €46.1m in view of the uncertainty caused by the macroeconomic outlook.**

# Net income

## Net income evolution

€m – 1H22 and 1H203 under IFRS-17

**Net income increases close to 70% YoY or €79m to €192m.**

**Net profit reaches the highest level for first half year results in the last 9 years.**

**Adjusted ROTE stands at 10.5%<sup>1</sup>.**

<sup>1</sup>1H2023 net income annualized excluding temporary bank tax and ex Cerro Murillo impacts, and considering the budgeted FGD contribution expense for the year

## 4. Asset quality, liquidity and solvency

# Asset quality & cost of risk

## Gross NPA evolution

€m

■ NPLs ■ Foreclosed assets

## NPL entries

€m -

## NPA coverage ratio

%

■ NPLs ■ Foreclosed assets ■ Total

**Ibercaja keeps its outstanding asset quality levels: NPAs fall €30m during the 1H2023 or 3.3% and NPA ratio stands at 2.9%, one of the lowest in the Spanish financial system.**

- **NPL entries only increase 9% YoY and as a result NPLs remain broadly stable (+€6m YTD) and NPL ratio stands at 1.6%.** Ibercaja maintains a positive gap of **194 bps** in terms of NPL ratio vs. the system<sup>1</sup>.
- **Foreclosed assets** fall by **€36m or 9%** and annualised **sales** represent **29%** of the stock of foreclosed assets at the end of last year.

**NPA coverage ratio reaches 77.7% (91.6% for NPLs and 59.5% for foreclosed assets), an increase of 138bps YTD.**

- **Net NPAs** represent less than **0.4%** of total assets.

# Funding & MREL requirements

## Breakdown of funding structure

% - 1H2023.

## Main funding ratios

% - 1H2023.

## MREL ratios

% - 1H2023

## Ibercaja shows a strong funding profile

- **Customer deposits** account for **82% of its external funding**
- **LTD** ratio reaches **86%** and **NSFR ratio** stands at **141%**

## Ibercaja already complies with its 2024 MREL requirements and maintains a buffer vs its MREL ratio requirement of 179 bps and 370 bps in terms of MREL leverage ratio

- In May 2023, Ibercaja successfully completed the €500 million Senior Preferred debt issuance
- In January 2023, Ibercaja refinanced its AT1 issuance extending its maturity by 5 years.

# Liquidity and ALCO portfolio

## Main liquidity ratios

% - 1H2023.

**LCR Ratio**

**Liquid assets as % of total assets**

## Retail deposits base

% - 1H2023.

**Stable deposits**

**Deposits covered by FGD**

**20 top depositors**

## ALCO portfolio breakdown

%

### Ibercaja maintains a sound liquidity position.

- **LCR ratio** stands at **255%**. Ibercaja **fully repaid the TLTRO last November**. **Liquid assets** stand at **€12,314m** and represent **22.5% of total assets**. Total available liquidity, €17,617m, covers 5 times the institutional debt maturities.

### The Entity has a highly granular deposit structure.

- **Over total deposits, 77%** are considered **stable**<sup>1</sup>. **Deposits covered by the Spanish DGS (>€26,500m) amount to 78%**<sup>1</sup>. **20 largest depositors** represent **2.6%** of Ibercaja total deposits.

### The Entity maintains stable its ALCO portfolio<sup>2</sup> in the quarter (€11,314m) with a low risk profile.

- The portfolio is mainly composed of Spanish sovereign debt (67.5%). 95% of ALCO assets are considered High Quality Liquid Assets (HQLA). Duration stands at 3.9 years<sup>3</sup>.

24 <sup>1</sup>Based on LCR reporting  
<sup>2</sup>Excludes insurance activity portfolio  
<sup>3</sup>Includes interest rate swaps

# Solvency

## Solvency levels

## Total Capital Phased In vs. SREP req.

### Solvency levels stand above the targets set in Ibercaja's Strategic Plan, Desafío 2023
