Ibercaja buys Orange Bank's technology platform

During the first half of 2024, Ibercaja has reached an agreement to acquire the technological platform and the specialized IT team of Orange Bank Spain, considered one of the most advanced in the Spanish financial system. This operation is key to achieve the strategic ambitions in consumer lending and payment businesses defined in the **2024-2026 Strategic Plan "Ahora Ibercaja"**.

"Agile" operating model with a qualified team with highly relevant profiles for Transformation

- Product-service-oriented operating model with a **focus on the customer** and the incorporation of an **IT team of highly qualified people**

Key functionalities to accelerate Ibercaja's Consumer business

- The platform has **widely developed functionalities** such as onboarding, pre-qualified loans and cards and the possibility of **developing new additional functionalities** such as non-pre-qualified consumer loans or point-of-sale loans

Modern, robust and scalable architecture aligned with Ibercaja's targeted architecture

- Platform based on a **cloud-native architecture** with a **specialized modern core**

Sustainability

Medioambiente

- The Transition Plan for **NZBA decarbonisation targets is being rolled out**. During 1H2024, Ibercaja hold training courses on decarbonisation for its employee base and 4 events on decarbonisation in collaboration with chambers of commerce and business organisations.
- The bank has continued to **support and finance its customers' sustainable projects**, highlighting operations for photovoltaic power generation and syndicated financing with sustainability annexes.
- The **partial compensation of the operational emissions footprint** has been carried out through reforestation projects in Burgos and León.

Social

- **Closeness and support for young people** has been promoted through various actions, highlighting Ibercaja' adherence to the **ICO line of guarantees to facilitate access to the first home** for young people and families with dependent children
- The **Accessibility Principles** for Ibercaja services and products have been published with the intention of aligning social commitment with the regulatory expectations that the Entity must implement.

Gobernanza

Net interest income

NII breakdown evolution

€m

Customer spread

%

Net interest income grows by 4.2% YoY or €14m thanks to the final phase of the repricing of the loan portfolio, while maintaining a very contained cost of retail savings.

The improvement in retail margin amounts to €53m. In 2Q24, customer spread reaches 3.0% (+19 bps vs. 2Q2023).

- **Loan yield** stands at **3.6%** and the **cost of deposits** stands at **0.6%**. **Deposit beta¹** stands at **16%**.

The increase in wholesale funding costs as a result of the higher interest rate environment vs. 1H2023, both for long term (-€25m YoY) and short term (-€26m YoY) liabilities, reduces net interest income growth in the first half of 2024.

Net fee income

Net fee income grows by 6.5% YoY or €14m, fully explained by non-banking fees.

- In 1H2024, **non-banking fees** increase **+11.3% YoY** as a result of the exceptional performance in AuM and risk insurance products (non-life).
- **Banking fees** decrease by **1.9% YoY**, impacted by lower fees from NPLs due to the good performance of the Bank's loan portfolio.

Recurring revenues & gross operating income

Recurring revenues breakdown evolution

Gross operating income breakdown evolution

Recurring revenues grow by 7.2% YoY or €43m, explained by the good performance of net interest income (+€14m), net fee income (+€14m) and net insurance profit (+€15m).

Gross operating income, which includes €40m from the bank levy (+€12m vs. 1H2023), increases by 8.0% YoY to €611m.

Operating costs & pre-provision profit

Operating costs

Operating costs increase by 9.8% YoY. Nearly 70% of the increase is due the increase in staff costs, +11,2% YoY., as a result of new collective agreement, and new-hires during the period.

Adjusted Cost to Income ratio¹, which takes into account the banking tax, stands at 51.5% and remains practically stable YoY.

- **Reported cost to income ratio reaches 53.2% (vs. 52.3% in 1H2023).**

Pre-provision profit grows 6.0% YoY to €286m.

Loans and foreclosed assets provisions

Loans and foreclosed assets provisions

€m

Cost of risk

%

Provisions for loans and foreclosed assets in the semester stands at €31m, €16m below 1H2023 levels.

- **Cost of risk** stands at **21 bps.**, due to the good performance of bank's loans portfolio.

Ibercaja keeps provisions of €46,4m due to the uncertainty generated by the macroeconomic outlook and the potential effects it may have on the company's customer portfolio.

Net income

Net income

€m

ROTE breakdown evolution YoY

€m

Ibercaja reaches a net income in 1H2024 of €152m with an adjusted ROTE¹ of 13.1%. Reported ROTE reaches 11.5%.

- Excluding the impact of the extraordinary income from Cerro Murillo in 2023, **net income would have increased by 21.2% YoY.**
- **Business dynamics** (revenues, costs and cost of risk) contributed **+1.6% to the ROTE for the first half of the year.**
