Customer spread

%

Net interest income in September grew by 1.4% YoY or €7m. In quarterly terms, NII in Q3 registered an increase of 5.9% or €10m.

- This quarterly improvement was mainly due to a **lower cost of wholesale financing (+€9m QoQ)** thanks to the repricing of issuances at lower rates and the recent repayment of senior debt.

Customer spread improved by €40m. In Q3, customer spread remained stable at 3.0%, 2.4x higher than before the interest rate hikes.

- **Loan yield** stand at **3.6%**, with the fall from the peak still limited and much less pronounced than market rates. The **cost of deposits** remained contained at **0.7%**. The **deposit beta¹** stand at **18%**.

Upgrades during 2024

Ibercaja launches Pensumo – pension for consumption

In October 2024, Ibercaja launched Pensumo to the market, positioning itself as the first European solution to distribute pension for consumption.

- This App allows its users to receive contributions in **an individual pension plan** (Pensumo Pension Plan managed by Ibercaja Pensión) every time they shop at a commercial establishment associated with Pensumo with a credit, debit or prepaid financial card, thus **linking retirement savings with consumption**.
- Ibercaja reinforces its **innovation position** to promote the democratization of savings management.

Value generation for users and businesses

- ✓ **Users:** for each purchase made, a percentage is received which can be accumulated to Pensumo Pension Plan, the plan grows due to **daily habits, a simple system and no associated costs**.
- ✓ **Businesses:** It allows to **increase sales** (average ticket and recurrence); have more **visibility** through the app and attract new consumers; help customers save for their retirement (developing the business's CSR); **no registration fees or minimum contract period**.

Initial agreements and CSR and Social Commitment

- ✓ **Support for establishments and online platforms:** Agreements with Amazon, Hostelería de España and the Fintech Coinscrap Finance (with more than 100 establishments, including Dectahlon, Ikea, Fnac, Lidel, Adidas, Sephora...).
- ✓ **Pensumo is positioned as the only loyalty pension plan by consumption and with social compromise:** a contribution to sustainable economic growth by adding to retail activity a measurable social benefit such as the generation of a pension in each transaction.

Ibercaja buys Orange Bank's technology platform

During the first half of 2024, Ibercaja has reached an agreement to acquire the technological platform and the specialized IT team of Orange Bank Spain, considered one of the most advanced in the Spanish financial system. This operation is key to achieve the strategic ambitions in consumer lending and payment businesses defined in the **2024-2026 Strategic Plan "Ahora Ibercaja"**.

"Agile" operating model with a qualified team with highly relevant profiles for Transformation

- Product-service-oriented operating model with a **focus on the customer** and the incorporation of an **IT team of highly qualified people**

Key functionalities to accelerate Ibercaja's Consumer business

- The platform has **widely developed functionalities** such as onboarding, pre-qualified loans and cards and the possibility of **developing new additional functionalities** such as non-pre-qualified consumer loans or point-of-sale loans

Modern, robust and scalable architecture aligned with Ibercaja's targeted architecture

- Platform based on a **cloud-native architecture** with a **specialized modern core**
